| One Room Fire – Below Grade | DIVISION ONE Room 102 | Three quarters (3/4) - 1 bale | Straw/Hay (untreated) | - properly extinguish a fire using the combination attack for fires at all grades  
- make proper handline selection  
- utilize proper hose handling techniques in the building while descending to fire location  
- utilize and understand the need for proper communication between team members and the Incident Commander  
- understand and perform the responsibilities for each of the positions on the attack lines (nozzle, vent, and overhaul)  
- understand challenges of attacking below grade fires  
- understand challenges of ventilation in below grade fires | Simulate Cellar/Basement fire with attack from directly above the fire (with emergency exits without descending/ascending to outside from fire floor) |
Instructor Notes:

- Proper entry when entering lower level
- Proper line advancement
- Spreading out on line
- All firefighters on same side of line
- Forcible entry for a bulkhead
- Check doors for heat (as applicable)
- Controlling doors/securing bulkheads
- Proper vent & overhaul
- Communications between firefighters attacking fire
- Communications with Incident Commander on progress and conditions

Fire Location:

- Attack line must be run up Stairwell S-1 to attack from above the fire
- Fire Attack Location from Room 202 NB down Stairwell S-2
- Fire location - Room 102

Emergency Exit/Entrance:

- Two emergency exits/entrances to fire location – (1) Door from Room 104 NB and (2) exterior door into Room 102
