| Two Room Fire – 1st Floor | DIVISION ONE Rooms 101 & 102 | Three quarters (3/4)-One (1) bale per fire location | Straw/Hay (untreated) | • properly extinguish a fire using the combination attack for fires at all grades  
• make proper handline selection  
• utilize proper hose handling techniques in and through the building to the fire location  
• utilize and understand the need for proper communication between team members and the Incident Commander  
• understand and perform the responsibilities for each of the positions on the attack lines (nozzle, vent, and overhaul)  
• perform hydraulic ventilation as needed for each evolution | Simulate one room fire at grade extending to second room at same level  
OR  
multiple room fire on same level |
Barnstable County Fire Rescue Training Academy
Structural Fire Burn Scenarios – Local/Outside Fire Departments

SCENARIO # 5 - Two Room Fire – 1st Floor

Instructor Notes:
• Focus on hose handling skills
• Proper line advancement
• All firefighters on same side of line
• Check doors for heat (as applicable)
• Controlling doors
• Attacking the fire properly
• Proper vent & overhaul
• Multiple fires – control and complete extinguishment of each fire to progress to next fire
• Communications between firefighters attacking fire
• Communications with Incident Commander on progress and conditions

Fire Locations:
• Attack line enters through Exterior Door (Side “C”) to Room 102 and attacks fire in Room 102; after extinguishment, continues through interior door 102 into Hallway 104 NB
• Attack line continues through Hallway 104 NB – attack on fire can be made using either Hallway 103 NB OR Hallway 105 NB to access Room 101
• Fire locations – Room 102 and Room 101

Emergency Exit/Entrance:
• Three emergency exits/entrances to fire locations – (1) Exterior Door from Room 105 NB (Side C), (2) Exterior door from Room 102 (Side C) OR (3) through Hallway 104 NB to Stairwell S-1 and out Exterior Door S-1
